## ABOUT ME

Software Tester with hands-on experience in manual and basic automation testing, expanding expertise in Data Science, Data Analytics, and AI. Skilled in Python, Machine Learning, SQL, and data visualization with real project experience. Currently pursuing Full Stack Development to strengthen designing and application development skills and deliver quality-driven end-to-end solutions.

## TECHNICAL SKILLS

- **Data & AI:** Python, SQL, Excel, Power BI, Tableau, Machine Learning, Deep Learning, Statistics, Artificial Intelligence
- **Testing:** Manual Testing, Automation Testing, Selenium, TestNG, Jira, Postman
- **Programming & Web:** Core Java, C, Web Designing
- **Tools:** Power Query, DAX

## WORK EXPERIENCE

Maxgen Technologies Pvt.Ltd | April 2024 - May 2025

### Jr. Software Tester Trainer

- Conducted training on Core Java, Manual Testing, and Automation Testing.
- Designed and executed test cases, bug reports, and basic automation scripts.
- Guided candidates on real-time projects, assignments, and performance evaluation.
- Assisted in interviews and assessments; followed Agile testing practices.

## PROJECTS

### E-Commerce Website Testing (PaschaChocolate & HayClothing)

- Performed end-to-end manual testing to ensure functionality, usability, and performance.
  - Designed and executed UI, functional, and regression test cases, and logged defects with detailed reports.
- Conducted cross-browser and device testing, validating payment flow, navigation, and checkout process to improve overall website quality.

### Patients Database (SQL Project)

- Designed and implemented a relational database to manage patient records efficiently.
- Wrote and optimized SQL queries, joins, and procedures for data analysis.
- Ensured data integrity through normalization and validation while generating summary reports for healthcare insights.

### Coffee Shop Sales Dashboard (Excel Project)

- Developed an interactive Excel dashboard to analyze daily and monthly sales trends.
- Used Pivot Tables, charts, and formulas (SUMIFS, VLOOKUP, IF) for data summarization.
- Identified top products and peak sales periods to support better business decisions.

## EDUCATION

- Master of Computer Applications (MCA) – Manipal University Jaipur | Jul 2023 – Feb 2025
- Specialization: Java Programming | AI & ML Projects (Coursera)
- Bachelor of Commerce (B.Com) – Ness Wadia College of Commerce | Jun 2018 – Apr 2021

## CERTIFICATIONS

- Advanced Excel
- MS-CIT
- Data Science
- Software Testing
